Outcomes to Date:

Full-Day Pre-K:

- A **Tangelo Park model replication** began at Lockhart Elementary School.
- Discussions are underway with funders for a **comprehensive project** in the Parramore area.

Licensed Nurses:

- Positions at **15 schools** receive support and funding.
- Positions at **11 schools** are funded for **three years**.
- A **community health center** with a **nurse practitioner** opened at Edgewater High School, serving students at **seven schools**.
- Discussions are underway with major healthcare providers to identify a **comprehensive solution** that will provide a **continuum of care** rather than **episodic care** for all students.

Literacy Tutoring:

- **ALL students** at **10 Title I schools** will have access to **personalized reading software**.

Read2Succeed and Middle School Morning Book Clubs:

- Read2Succeed:
 - can utilize work-study college students as **tutors at no cost**;
 - launched a **first grade program**; and
 - served **46.6% more students** this year.
- Middle School Morning Book Club groups **increased by 25%** this year.

Access to STEM:

- **125 kindergarten teachers** received training and materials for “Bridge to STEM.”
- An “Engineering Our Future” **pilot program** has begun at Castle Creek Elementary School.
- The “**Hello Florida Field Trip Fund**” has been established to assist low-income students.
- Physical science teachers at **20 middle schools** received training.
- Biology teachers at **all 19 high schools** received professional development.

City Year Orlando:

- Programs at **five schools** are **thriving**:
- Of the students who **started** 2012-13 **off-track** in **English Language Arts** and were tutored by City Year Orlando, **71.6% finished** the year **on track**, earning a C or better.
- Of the students who **started** 2012-13 **off-track** in **Math** and were tutored by City Year Orlando, **73.8% finished** the year **on track**, earning a C or better.
- A **new team** began their work at **Catalina Elementary School**, completing a critical feeder pattern.

Suspension Centers:

- **Two new Suspension centers** will open in fall 2014: **Bithlo Community Park** and **J.R. Smith Community Center**.
- Over time, our new partnerships with Orange County government and the City of Orlando will provide **11 sites** for new centers – **five more** than are needed to meet our goal.
