<p>SB Section 1</p> <p>HB Section 1</p>	30.15	<p>(Sheriffs) Powers, Duties, and Obligations</p> <p>Requires sheriffs to assist school boards and charter school governing boards in complying with s. 1006.12 (school safety officers). Sheriff must, at a minimum provide access to a guardian program. Persons certified as school guardians have no authority to act in any law enforcement capacity except to the extent necessary to prevent or abate an active assailant incident.</p> <p>If local school board has voted by a majority to implement a guardian program, the sheriff in that county shall establish a guardian program to provide training as required, to school district or charter school employees, either directly or through a contract with another sheriff’s office that has established a guardian program.</p> <p>A charter school governing board in a school district that has not voted, or has declined, to implement a guardian program may request the sheriff in the county to establish a guardian program for the purpose of training the charter school employees. If the county sheriff denies the request, the charter school governing board may contract with a sheriff that has established a guardian program to provide such training. The charter school governing board must notify the superintendent and the sheriff in the charter school’s county of the contract prior to its execution.</p>	<p>(Sheriffs) Powers, Duties, and Obligations</p> <p>Removes the limitation on who may serve as a guardian and transfers the training requirements to the Criminal Justice Standards Training Commission.</p>

		<p>The plan components are substantially revised and must be focused on a multi-tiered system of supports to deliver evidence-based mental health care assessment, diagnosis, intervention, treatment, and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and to students at high risk of such diagnoses. The provision of these services must be coordinated with a student’s primary mental health care provider and with other mental health providers involved in the student’s care. At a minimum, the plans must include the following elements:</p> <ul style="list-style-type: none"> • Direct employment of school-based mental health services providers to expand and enhance school-based student services and to reduce the ratio of students to staff in order to better align with nationally recommended ratio models. These providers include, but are not limited to, certified school counselors, school psychologists, school social workers, and other licensed mental health professionals. The plan also must identify strategies to increase the amount of time that school-based student services personnel spend providing direct services to students, which may include the review and revision of district staffing resource allocations based on school or student mental health assistance needs. • Contracts or interagency agreements with one or more local community behavioral health providers or providers of Community Action Team services to provide a behavioral health staff presence and services at district schools. Services may include, but are not limited to, mental health screenings and assessments, individual counseling, family counseling, group counseling, psychiatric or
